

Thirty Six Million Pages . . .

containing messages given by Dr. De Haan over the Mutual Network, have been printed for distribution by the Radio Bible Class, in the past two years. While many have been acquainted with the radio ministry of the Radio Bible Class, there are those who have been unaware that not only is the Radio Bible Class reaching millions through its weekly radio ministry, but it is also carrying on an effective ministry through the medium of the printed page.

Many have been the letters received from those who testify to salvation and blessing received through the radio messages in printed form:

This letter was received from a friend in Illinois:

"While I was ill, a friend gave me 20 to 30 of your sermon booklets, and reading them was like entering a new world. I was just a babe in Christ, and your booklets opened up the Scriptures for me, and were like food to a hungry man."

From New York: "Your broadcast and especially your booklet on "Predestination" were used of God to recall me from a mingling of grace and human merit, to a full and complete and satisfying reliance upon the all-sufficient grace of God alone."

From Iowa: "I have been saved since I read your booklet, "Ye Must Be Born Again."

From Ohio: "It was through your broadcasts and booklets that I have become acquainted with the Book of Books and God's wonderful plan of salvation."

From Texas: "You will rejoice with us to know that another soul was saved by the working of the Holy Spirit through your booklets. This one who was saved, was an inmate in the county jail. We have now given him quite a number of your booklets to help him in his new Christian life."

● So that more of you may take advantage of the availability of the large number of Dr. De Haan's booklets, you will find on the other side of this leaflet, a complete listing of the booklets we now have on hand. This list was prepared in the form of an order blank, for your convenience, should you wish to order these for your own personal study and reference, or for distribution to others.

These booklets are attractive, pocket-sized and each contains four or five radio messages by Dr. De Haan. Their size, neatness, and Bible-teaching material, makes them desirable for distribution, as well as valued for personal study. The price of the booklets is also reasonable, to make them available for wide distribution.
